CCS Visiting Scholar Research Grants for 2004

For many years, the Center for Chinese Studies has offered a research grant program to encourage foreign Sinologists to conduct studies in Taiwan. This program is designed for professors, associate professors, assistant professors and doctoral candidates in departments related to Chinese studies at foreign universities, as well as researchers at related foreign academic institutes. The content of their research, to be undertaken in the R.O.C., must be within the field of Chinese studies.

Assistance provided by the CCS includes a subsidy for research expenses, a

research materials service, liaison with universities and research institutes, and use of CCS facilities. Research tenure is three months to one year.

Of the 39 scholars who applied for CCS grants in 2004, the following 15 recipients and two alternates were selected through a careful review process (arranged alphabetically according to country):

1. Olivová, Lucie: Female, Czech, Charles University, Prague, Associate Professor, Research Topic: Women and Society in 18th Century China, Research Period: 3 months.
